ONE SOUTHCOAST CHAMBER APPOINTED TO GOVERNOR'S COMPETITIVENESS COUNCIL

As CEO of the One SouthCoast Chamber, part of my responsibility is ensuring our members understand how statewide initiatives connect to the realities of doing business here on the South Coast. The Massachusetts Competitiveness Council is one such initiative, and its work has meaningful implications for our region and your business.

The Massachusetts Competitiveness Council was created by Executive Order under the Healey-Driscoll Administration. It is made up of leaders from business, labor, and innovation from across the Commonwealth, along with members of the Healey Administration. Some members include Economic Development Secretary Eric Paley, Administration and Finance Secretary Matt Gorzkowicz, Labor and Workforce Development Secretary Lauren Jones, Senator Finegold, Senator Feeney, Cape Cod Chamber of Commerce, Greater Boston Chamber of Commerce, Mass Business Roundtable, Associated Industries of Massachusetts, Massachusetts Competitiveness Partnership, Massachusetts Taxpayers Foundation, and my favorite, One SouthCoast Chamber. The Council was designed to study and assess Massachu-

setts' economic competitiveness in comparison to other states and regions, with a focus on the factors that influence economic growth, business investment, and job creation. It serves as a strategic sounding board for the Governor on economic and business climate issues, providing insight and recommendations. The Council's work is intended to inform long-term economic strategy and decision-making at the highest levels of state government.

The One SouthCoast Chamber is honored to have been selected by Governor Healey to serve on this council. Ian Trombly, our Vice President of Public Policy, will be serving on our behalf. For the Chamber and our members, the Competitiveness Council plays a vital role. It creates a clearer pathway for the South Coast's unique business concerns to be reflected in statewide economic policy. It strengthens our role as a regional economic convenor by connecting state-level competitiveness goals to the real, on-the-ground needs of local employers. Additionally, it provides a voice, your voice, to the statewide strategy, ensuring that the South Coast is not overshadowed. Perhaps most importantly, it positions One

SouthCoast as a trusted partner to state leadership, enhancing credibility, influence, and access for the businesses we represent.

The Competitiveness Council was created in response to real economic pressures facing Massachusetts. These include the rising cost of housing, unemployment insurance, energy, childcare, and the general cost of living and doing business. The Council gives our members a direct line into statewide economic strategy at a time when collaboration between the public and private sectors is essential. It allows the One SouthCoast Chamber to align our regional priorities with statewide competitiveness efforts.

For the South Coast, this work matters. One SouthCoast Chamber will continue to engage, advocate, and ensure our region's voice is heard as Massachusetts shapes its economic future.

Sincerely,

Mike O'Sullivan
CEO

The Bank identified the United Way of Massachusetts Bay (Taunton-Attleboro), United Way of Greater New Bedford, United Way of Greater Fall River and the Rhode Island Community Food Bank in Providence as recipients of the \$25,000 donations. Gomes Elementary Library Revival.” The funds will go towards the purchase more than 1,000 updated, relevant, multi-cultural books, and in both Spanish and English titles to support dual language programming. Mechanics
COOPERATIVE BANK

MountainOne Financial, MHC, the mutual holding company parent of **MountainOne Bank**, and **Mechanics Bancorp, MHC**, the mutual holding company parent of **Mechanics Cooperative Bank**, announced today that all regulatory approvals required to complete the merger of the two mutual holding companies have been received.

The merger transaction is scheduled to take place on January 1, 2026, at which time the newly combined mutual holding company will operate under the name MountainOne Financial, MHC, and will have approximately \$1.9 billion in assets.

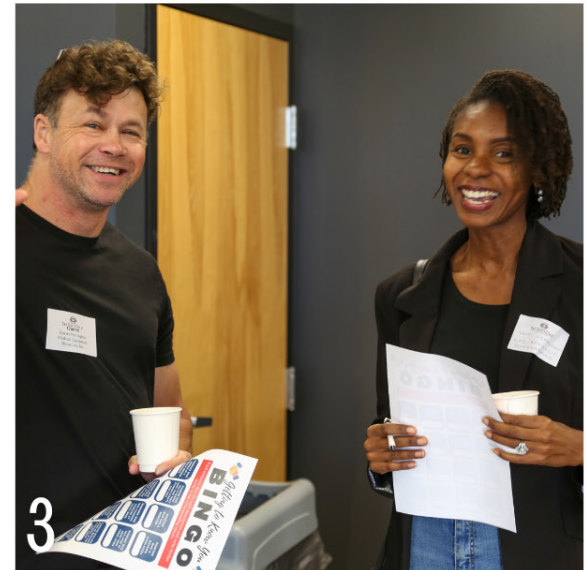

MountainOne Bank and Mechanics Cooperative Bank will continue to operate as two separate, independently chartered community banks, and will each retain their existing names, headquarters locations, leadership teams, and boards of directors. Furthermore, customers will not experience any disruption, nor do they need to take any action.

Bringing together two well-capitalized, financially sound organizations allows the newly combined mutual holding company to take their time in evaluating opportunities to collaborate where doing so strengthens service, enhances operational efficiency, or supports long-term sustainability.
